New Life Children's Home: India's children that are at risk are brought into the family of CHRIST FOR INDIA, INC., and given a home, an education, and full care.

Dr. and Mrs. Titus assume total responsibility for these former orphans and/or destitute children until they are graduated, vocationally trained, or married. If it were not for the Children's Home, hundreds of India's children would still be living on the streets with no hope of a life free of danger, starvation, and often slavery.

In the last 20 years, well over 10,000 new converts were baptized into Christ and congregations were formed. An evangelist/pastor is sent out to a village that has not had the Gospel preached to them and begins to witness Christ to the village people. Once he has a group of people who become his congregation they usually gather in someone's home. Plans are then made to purchase a piece of land to have as a church site. Once this is done, material is purchased to build a building and construction then begins on a church. Sometimes the process takes as long as three years from start to finish. The church building becomes not just a meeting place free from nature's elements but a permanent monument to the Lord Jesus Christ for all in the village.

*In India, religion is a way of life. It is an integral part of the entire Indian tradition. For the majority of Indians, religion permeates every aspect of life, from common-place daily chores to education and politics. Secular India is home to Hinduism, Islam, Christianity, Buddhism, Jainism, Sikhism, and other innumerable religious traditions. Hinduism is the dominant faith, practiced by over 80% of the population. Besides Hindus, Muslims are the most prominent religious group and are an integral part of Indian society. In fact, India has the second largest population of Muslims in the world.*

*This is why Pastors Darrell & Kathy are proud supporters of Indian Missions.*

Thousands of lives have been impacted and changed by the preaching of Pastor Choudary. As he and his family were saved from idol worship, he is able to communicate the gospel effectively to the unreached groups in their culture context. His motto is raising people for God and country so they can be better citizens serving the Lord and the land.
